TEAMSTERS' STRIKE RAPIDLY SPREADING

Three Hundred More Brotherhood Men to Be Called Out.

A PROBABLE UNDERSTANDING WITH THE STRIKING MACHINISTS

Municipal League and the Scott Ship Yards Favor Negotiations for an Amicable Understanding—Street Car Men May Walk Out Before the Week is Over.

SAN FRANCISCO, July 25.—Secretary McLaughlin of the Brotherhood of Teamsters announced early this morning that it had decided to call out all the members of the Brotherhood except those employed by the Pacific Transfer & River Express, which have agreed to make concessions. This order will affect about three hundred men. While there is no prospect of an immediate settlement of the teamsters' difficulties, there are some chances of an understanding between the machinists and their employers.

The conciliatory committee of the resuscitated Municipal League has induced the Mayor to attend the meeting of the Employers Association with a view to the suggestion of a conference with the strikers. The Scotts at the Union Iron Works have stated that a discussion of the situation with committees from the shop might lead to an amicable understanding. This suggestion has been submitted to the machinists and they will decide today whether to act on it.

One effect of the machinist's strike has been the practical stoppage of work on large buildings because the iron work cannot be procured.

The Call announces this morning that a strike of street car employees is probable before the close of the week.

ANNEXATION IS NOT WANTED

Palma Says Both He and Gomez Want Absolute Independence.

NEW YORK, July 25.—A letter has been received from T. Estrada Palma to Horatio Reubens, in which the former denies the assurances in favor of the annexation of Cuba to the United States attributed to him, says a dispatch from Havana to the Tribune.

He denies also that General Maximo Gomez made similar declarations on the same occasion and says that he (Palma) and Gomez both favor absolute independence and oppose annexation.

The leaders of all political parties requested the publication of the letter from Senor Palma.

ENGLISH DEAD-LOCK

NEW YORK, July 25.—A dispatch to the Tribune from London says: The government has been helped out of a great difficulty by the return to the House of Commons of the chairman of committees and the prospects of the winding up of the Parliamentary session have distinctly improved. Had Mr. Lowther's illness, however, proved to be of a prolonged character, an extraordinary

He Has Saved My Life

State of Oregon }
County of Marion }
To whom these presents shall come Greeting:
This is to certify that I have been afflicted with Ovarian Tumors for a number of years, also River trouble. I desire to publicly state upon oath that Dr. J. F. Cook, of Salem, Oregon, has removed said tumors, two in number, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was, I feel that he has saved my life. My home is three miles south of Turner, Oregon.
Subscribed and sworn to before me this first day of May, 1901.
W. W. HALL,
County Clerk.

Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use to fight me. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful. Read for Circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose cases have been pronounced hopeless by the "old school" physicians. The doctor has devoted the best years of his life to the study of disease, and the use and action of Nature's vegetable remedies, until he knows absolutely just what he can do. This gives him confidence.

any situation would have resulted. No one can put closure but Speaker Gully or Chairman Lowther and in the unavoidable absence of both men a contingency by no means impossible, the business of the House of Commons might come to a dead stop. Nothing would better please the Irish Nationalists than the Liberals as well as the Conservatives are agreed that this is a risk to which the affairs of the nation ought not to be exposed.

THEORY BUSTED

Uncle Sam's Weather Man Says the Sun is not Getting Hotter.

PORTLAND, July 25.—E. A. Beals, forecast official of the government, does not agree with the theory of Mr. Seivies, who in yesterday's dispatches essayed to explain it is getting hotter owing to the wearing out of the vaporous blanket about the sun. He says:

"Efforts to connect periods of hot or cold weather with astronomical cycles have occupied the attention of many scientists, but as yet they have failed to show a sufficiently close connection between the two events to make the information of the slightest value in forecasting the weather. There is a well recognized 11-year period of maximum and minimum frequency in the occurrence of sun spots, but the amount of heat received from the sun is not a thousandth part increased or diminished during either period. The last maximum period of sun spots occurred in 1893, and the next will take place in 1904.

"If Mr. Seivies' theory is correct, the excessive heat being experienced in the east and correspondingly being felt in North Pacific states, as we are under the influence of the same sun and situated in the same hemisphere. The facts are that the central West has had a month or more of temperature averaging daily from 6 to 12 degrees warmer than usual, while in the North Pacific states during the same time the temperatures have averaged from 3 to 6 degrees cooler than usual."

PAPAL DEADLOCK IS ANTICIPATED

As There Will be a Close Contest Among Many Candidates.

ROME, July 25.—Although the Pope is in excellent health, the feeling prevails at the Vatican that the meeting of the college of Cardinals cannot be far off, and it is no secret that the candidates to the Papacy are making elaborate preparations for this conclave.

One of the chief characteristics of the next conclave, according to high prelate, will be a large number of candidates for the chair of St. Peter.

Those who are well informed anticipate a deadlock and the ultimate selection of an outsider who has not yet been mentioned.

FREE TRADE IN PORTO RICO

McKinley Issues Proclamation on Anniversary of Occupation.

WASHINGTON, July 25.—The president today issued a proclamation establishing free trade between Porto Rico and the United States and declaring the organization of civil government for the island. The proclamation is purely formal, and only in a body of resolutions adopted by the two Porto Rico Legislatures does it now appear that the island is set free commercially today, in commemoration of the anniversary of the planting of the American flag on the island.

INTERNATIONAL MINING CONGRESS

BOISE, Ida., July 25.—The morning session of the International Mining Congress was devoted to the presentation of papers. The election of officers and the selection of the next place of meeting will occupy this afternoon.

Look Out!

The new third party is in the field, but when it comes to arousing interest that's more vital to your pocketbook. Our low prices are certainly doing the trick. Our eight day clocks at from \$3.00 up are beautiful.

RACE TROUBLES ON IN CHICAGO

Importation of Negroes from the South Objected To.
Train Load Sidetracked Outside to Avoid Contact With a Mob.

CHICAGO, July 25.—While residents of Maywood, Melrose Park and Bellowood waited along the tracks of the Chicago Junction Railway during the early hours of the morning to bar out the train load of southern negroes, the much-sought train was sidetracked at Blue Island.

The Illinois Central road turned the special train over to the Junction Railway at 12:20 a. m. When Blue Island was reached it was decided not to proceed to Melrose Park till morning. The negroes were loud in their protestations that they would not have come north had they known such a tempest was brewing.

All day yesterday the reports that reached them of the greeting awaiting them at Melrose Park grew more threatening. Early today it was declared on the train that 100 of the men had deserted at Fulton, Ind., and gone to work for the railway company.

Ignorant that the train was at Blue Island, the peace committee, composed of the Rev. T. E. Cookingham, Peter H. Bohlandea, W. H. Schockey, A. H. Gallagher, Charles Wolff and 15 others during the early hours of the morning awaited the negroes, hoping to persuade them not to leave the cars and the engineer to pull out to some safe place.

As an offset to the peace committee another crowd estimated at 125 men, all armed with revolvers, were scattered along the tracks waiting to give the negroes a hint to leave or take the consequences if they remained.

The trainload consists of about 300 negroes from Birmingham, Ala., including a few women and accompanied by seven or eight white men, supposed to be guards, enroute for Chicago to work for the Latrobe Steel & Conpler Company, a part of the United States Steel Company.

A committee which was appointed to confer with Governor Yates in an effort to induce him to prevent the importation reported that the Governor would not interfere, as he held that the law was not being violated. The Governor's decision was received with bitterness. A committee appointed to confer with the officials of the Latrobe company reported inability to induce the company to keep the negroes out.

TIMBER LAND DEALS

Southern Pacific Unloading on Some Big Eastern Syndicates.

SAN FRANCISCO, July 25.—The Southern Pacific Company has closed some timber land deals during the past few days that promise to pave the way for the opening up of vast tracts of timber country in the northern part of the state in near the future. It is announced that the company's negotiations with T. B. Walker of Minneapolis for the sale of 100,000 acres of timber land in the McCloud River district have been consummated. The company is closing a contract for the sale of 70,000 acres of timber land along the Pitt River and its tributaries and it is announced that another set of purchasers had agreed to take 55,000 acres in Southern Oregon.

A syndicate of Pennsylvania capitalists which recently purchased 45,000 acres of timber in the Klamath River district is preparing to co-operate with other lumbering interests in the neighborhood for the building of a railroad that will connect with the Southern Pacific and furnish the facilities for the opening up of a vast forest of virgin timber.

IRON STRIKERS LOSING GROUND

But Pittsburgh's Mayor Issues a Favorable Order

PITTSBURGH, Pa., July 25.—The sheet steel strike developments of last 24 hours indicate that the company's forces at Wellsville are slowly accomplishing their intention of operating their plant with non-union men.

Last night a number of new men succeeded in eluding the strikers and getting inside the works. At McKeenport all is quiet.

The declaration of Mayor Black last night that he would not permit deputies in the idle mills or allow the city police to guard the companies' property has caused a sensation. Hundreds of mill-workers marched to the Mayor's office today to thank him.

SHARON, Pa., July 25.—The machinists' strike at the Sharon Steel Works has been settled.

ARCHBISHOP OF CHICAGO

CHICAGO, July 25.—An audience of thousands today witnessed the consecration of Rev. Father Peter J. Muldoon as titular bishop of Tamasensis and auxiliary to the Most Rev. P. A. Feenan, archbishop of Chicago.

Cardinal Martinelli acted as the consecrator.

Judge H. J. J. O'Day, of Portland, was in the city today to argue a case before the supreme court.

SCHLEY'S COURT OF INQUIRY

An Effort to Secure Removal of Maclay From the Navy

WASHINGTON, July 25.—The board of inquiry which is to investigate the controversial points in connection with Admiral Schley's conduct during the Spanish war will be composed of Admiral Dewey, president of the court, and Rear-Admirals Louis A. Kimberly and Andrew E. K. Benham. The court will meet at the Navy Department in Washington September 12. It is understood that Secretary Long has selected Commander John E. Pillsbury, as judge advocate of the court. Commander Pillsbury, was in command of the dynamite cruiser Vesuvius during the Spanish war. The scope of the inquiry will not be known until the precept and order for convening of the court are issued.

WASHINGTON, July 25.—Secretary Long has tendered to Samuel C. Lantry, Judge Advocate General of the navy, the position of Judge Advocate of the Schley Court of Inquiry.

WEST NEWTON, Mass., July 25.—Rear-Admiral Kimberly said today that owing to ill-health he would ask to be relieved from serving on the Schley court of inquiry.

WASHINGTON, July 25.—An effort has been made to secure the removal of Edward S. Maclay, the author of the History of the Spanish War containing the criticism of Rear-Admiral Schley. Maclay is a clerk in the Brooklyn Navy Yard. Representatives Sidney E. Mudd of Maryland, a member of the committee on naval affairs in the last House, called on Secretary Long and represented to him the impropriety of Maclay continuing an employee of the government in view of the language which he made use of in reference to Admiral Schley. The Secretary promised to give the matter his early attention.

Secretary Long says that the proceedings of the court will be open, and that the widest latitude will be permitted in the matter of witnesses, and that Schley will be allowed to be represented by counsel.

NEW YORK, July 25.—Admiral Schley is spending the day with his family at Great Neck, L. I. He said:

"I have nothing to say as to the proposed inquiry in the Santiago controversy."

CHINESE FLOODS DISTRESS THOUSANDS

Tens of Thousands Homeless, and Crops Destroyed.

SHANGHAI, July 25.—The floods in the Yangtze Valley are causing great distress. Two of the main embankments have broken above Wuhun and flooded a thickly populated district for 40 or 50 miles. Tens of thousands of people have been rendered homeless and the crops destroyed.

The return of the court to Peking looks doubtful. Supplies have again been ordered sent to Singan Fu, the present headquarters of the court.

HOT WEATHER IS RELIEVED BY RAINS

Parts of the Middle West Experience a Break in the Heat.

But There is Still Great Suffering in Many Places.

CHICAGO, July 25.—The Tribune gathered direct reports at 2 o'clock this morning from telegraph operators at Central points in Iowa, Nebraska and Missouri, the drought stricken states regarding the weather conditions at that hour and the prospects for the immediate future. The results are as follows:

In Iowa: Cedar Rapids—Heavy rain since 1:15 a. m.; prospect for continuing is good.

Independence—Heavy rain since midnight.

Fort Dodge—Hard rain at 12:15 a. m. Gillman—Downpour since midnight.

Marshalltown—Pouring.

Dubuque—Light shower at 1:30 a. m.; now threatening.

Iowa City—Raining since midnight.

Atlantic—No rain, but prospects are favorable for rain soon.

Mason City—No rain yet; lightning and clouds in Southwest. No rain reported within 100 miles east or west.

In Nebraska: Omaha—Cheyenne County and vicinity was visited by a heavy rain tonight two inches falling at Sidney. The fall is believed to extend through Western Nebraska.

North Platte—Very light rain both east and west of here.

Schuyler—No rain.

Broken Bow—No rain. Not much prospects.

In Missouri: Jefferson City, Kansas City, Centralia, Dosoto, reported no rain and no prospects for any. Moberly reported light local showers through general portion of state.

MILNER AND CECIL RHODES

NEW YORK, July 25.—Says the London correspondent of the Tribune: Lord Milner and Cecil Rhodes met yesterday at Marlborough House where they were sworn in as members of the Privy Council with Lord Cromer, whose Earlom has been worthily earned. Mr. Chamberlain was not present. Mr. Rhodes is fully occupied with business and spends much time at Alfred Bell's house, where South African affairs are discussed in detail.

Clerk Kennedy, of the circuit court of Multnomah county, was a Salem visitor today.
